MRWA Water O&M Training

American Legion
155 Lake Avenue North
Spicer, MN

About the Class:

Get valuable information you need from our expert trainers to maintain compliance with the Safe Drinking Water Act (SDWA) and state regulations.

Technical assistance to address compliance issues is available from Minnesota Rural Water Association at no cost.

Support Minnesota Rural Water Association
Training | Technical Assistance

6 certification hours | FREE of charge!

**To Register: call: 800-367-6792 or
online at: www.mrwa.com (use the
training calendar fast track menu).**

Instructors: Bolton & Menk, Inc.; Flow Measurement and Control; Hach Co.; Hawkins Water Treatment Group; Minnesota Department of Health; Minnesota OSHA; and Minnesota Rural Water Association.

This safe drinking water act training is brought to you through a grant by the National Rural Water Association and US EPA.

**Attend this session and learn how to keep
your water system in compliance with state
and federal drinking water regulations!**

AGENDA

- 8:00am** **MRWA Services & Round Table Discussion**
See what's new in the industry and learn about the changes in store for water and wastewater operations specialists. Get the latest on MRWA training, events, and technology.
- 9:00am** **Water Treatment Plant Basic Operation**
Learn about 'optimization': it all starts with the basics! Learn where to start to optimize your water treatment plant.
- 10:00am** **Back to Basics for Laboratory Testing**
The rules keep changing and operation specialists need to keep up! See how you can simplify your lab requirements and pick up some pointers.
- 11:00am** **MDH Updates**
Learn from the Minnesota Department of Health what you should be doing to keep your water system in compliance and what to do in certain emergency situations.
- 12:00pm** **Lunch - (On Your Own)**
- *1:00pm** **Corrosion Control in Distribution Systems**
Learn about the many tools to help achieve our lead and copper requirements. Learn from the experts at this session and bring your questions!
- 2:00pm** **Accurate Flow Measurement**
Accurate flow measurement in your water treatment facility or well is vital to your system. Learn the techniques to achieve this so you know what you are really producing or losing.
- 3:00pm** **Water Treatment Hazards**
See the rules and regulation requirements from Minnesota OSHA & learn what safety violations to watch out for.
- 4:00pm** **End of Day**

*Water Operator Certification Exam will be given at 1:00pm. You must pre-register with the Minnesota Department of Health **15 days prior to the training session**. For an application form and study guide, call MRWA at 800-367-6792 or Noel Hanson, MDH at 651-201-4690. You can also download an exam application at: <http://www.health.state.mn.us/divs/eh/water/wateroperator/infoexam/opexamapp.pdf>.
