**NICE
SAVE!**
USE WATER WISELY

Efficient water use can have major environmental, public health, and economic benefits. Scrape, rather than rinse, dishes before loading the dishwasher; wash only full loads. That's a "nice save" for Minnesota's water future. It's important for each of us to save water, every day. Only running a full load of dishes will help with water conservation. For more easy tips to save water in Minnesota, visit: www.mrwa.com.
